

FALL 2022 – SESSION 2

MISSION

Studio 48 Performing Arts Center is coming together as a theater, music, writing and art community. This is a place for kids to connect, learn, explore, create and support one another!

In today's world we are experiencing attacks from all sides of our health and well-being. To reflect these times, we have designed programs to educate, inspire and provoke action towards improved physical, mental, and emotional health of children. Studio 48 is bringing together like-minded families who want to focus on creative art opportunities for their children in a mask-free and safe environment.

PROGRAM

Kids ages 7 to 17 will learn the arts in a multi-disciplined manner. Music curriculum will introduce your child to voice, instruments, music theory, and history. Creative writing will include script writing and story-writing. Theater curriculum is based on theater etiquette, theater terms, character building, independent script reading and improvisation. Students will explore all aspects of set design and creation.

ABOUT STUDIO 48

Studio 48 Performing Arts Center (PAC) supports Health Choice Maine, a non-profit organization, supporting Maine families through advocacy and education. We are in alignment with their key focus areas of awareness of health choices, nutrition healing and prevention of chronic illnesses for children and adults. Studio 48 PAC was founded by Brunswick native Rebecca Beck in 1996. We are an education facility offering classes, workshops, dance, theater and private instruction for children and adults in the performing arts.

 [HTTPS://WWW.FACEBOOK.COM/STUDIO48PAC](https://www.facebook.com/studio48pac)

All programs may change and develop according to student interests and talents. Studio 48 has an outside stage for performances when weather permits.
